MARINES IN NEED OF AID

Force at Guantanamo in a Dangerous Position.

SAMPSON WILL SEND ASSISTANCE WHEN TRANSPORTS ARRIVE.

Mole St. Nicholas, June 15—Special—A strong cordon has been placed around Camp McCalla, and underbrush for five hundred yards has been cleared away, giving the marines a chance to show their head occasionally without running risk of being picked off by the Spanish sharpshooters. Spaniards in small detachments still hover about the camp, firing at our men from a safe distance, but fearing to make a combined attack. A general bombardment of all the forts and military works in the bay was intended yesterday. It is not known here yet whether the plan was carried out or not.

Reinforcements Needed.

Cape Haytien, June 15—Special—Unless troops arrive soon, enabling Admiral Sampson to reinforce the detachment now holding Guantanamo, the position will have to be abandoned. The marines now on shore are brave and determined enough, but are too small in numbers to cope with the Spanish forces. With a few hundreds added they can make their position impregnable to attack. These will be furnished as soon as the transports from Key West arrive. By tomorrow or Friday the occupation of the port can be made permanent, and a base for future operations by land. The only fear is that the Spaniards, appreciating the danger to their cause, will make a determined assault and drive the Americans from their position before the arrival of reinforcements. Admiral Sampson will hold the advantage gained as long as possible.

Manila Will Surrender.

Washington June 15—Special—Announcement of the surrender of Manila to Admiral Dewey is expected hourly. The first expedition sent to him was due at the Philippines today. The Spaniards have been ready to surrender the city for some time, but feared to do so while the insurgents were likely to be placed in control, as it would invite a general massacre. As soon as it is seen that the Americans are able to hold the insurgents in check the surrender will be made, as continued resistance has long been seen to be useless.

Confirmed by the Censor.

Washington, June 15—Special—The government censor at Key West confirms the news of the sailing of Gen. Shafter's expedition given in these dispatches yesterday. His delay in making the announcement is due to his instructions, which are to give out no news until it is twenty-four hours old. Of course this prevents him from sending any news at all, as he is always anticipated. Correspondents of the Scripps-McRae syndicate continue to furnish all the latest information obtainable relative to the movements of troops despite the efforts of the censor to suppress it.

Germany is Warned.

Washington, June 15—Special—The alleged hostile attitude of the German naval commander at Manila is causing no uneasiness here. Admiral Dewey is now fully able to carry out his plans regardless of the course the German admiral may pursue. Besides, it is known that England has sent a note to Berlin informing the emperor that action at Manila favoring Spain would be regarded in London as unwarrantable and inimical to the policy of Great Britain. This, it is thought, will prove sufficient.

Fear For Their Safety.

Washington, June 15—Special—Grave apprehension is felt at the navy department for the safety of the little band of marines at Camp McCalla, Cuba. The second attack on the forces was no surprise here. There is no disposition to have the marines withdrawn after having secured a foothold. This course would only be taken as a last resort to prevent massacre, but it is admitted their position is precarious.

Work For Miles.

Washington, June 15—Special—It is reported that the president has ordered Gen. Miles to select fifteen thousand troops to augment the force now en route to Santiago. The president is said to be thoroughly alarmed over the situation.

COMMODORE JOHN C. WATSON.

Commodore John C. Watson, who has had charge of the blockade of Havana, was born in Kentucky in 1843 and graduated at the Naval Academy in 1860. He was commissioned as lieutenant commander in 1886 and as commander in 1874.

NOT THE PALMER HOSPITAL

No Thought of Transferring the Palmer Memorial Hospital to the City.

A false impression was created by a paragraph in The Gazette the other day. It was stated that the managers of the Palmer Memorial hospital were negotiating with the city authorities for the transfer of that institution to the city. Such is not the fact. The directors of Oak Lawn hospital are the parties engaged in the negotiations referred to. Palmer Memorial Hospital is not concerned in any way. Neither Mrs. Palmer nor the members of the board of the institution have ever contemplated or proposed its transfer to the city. It is designed to make the institution a perpetual memorial to the donor, and nothing will be done to divert in any way its beneficent work from the channels followed in the past. Its usefulness will be enlarged as far as possible as the need for it increases, and it will forever remain as it has been from the date of its founding, the Palmer Memorial Hospital, maintained in honor of one of Janesville's most distinguished citizens and philanthropists.

ANGRY AT ENGLAND

Spaniards Furious at English Partiality for Americans.

RUSSIAN INTERVENTION IN THE PHILIPPINES EXPECTED.

Madrid, June 15—Special—There is much feeling here over the expulsion of Du Bosc and other alleged Spanish agents from Canada, and Englishmen are treated with marked coolness. It is claimed that the men in question did not abuse their privileges as refugees on British soil, but only used such information as had become public property for the benefit of their country. The event is looked upon as another mark of the partisanship of Great Britain for the United States, and will be set down in the book of dates for future settlement.

Occupation of Porto Rico.

Washington, June 15—Special—The fourth army corps, Gen. Coppinger commanding, has been definitely designated to undertake the occupation of Porto Rico. The corps will be rapidly increased by a force of twenty thousand men. A sufficient number of transports to move the men will be assembled by the middle of next week, and no effort will be spared to carry out the president's intention of having the American flag on Porto Rico by the Fourth of July.

Reinforced by Cubans.

Washington, June 15—Special—The navy department received a bulletin from Sampson today in which he states that affairs in Guantanamo are in a very satisfactory state, and that the Americans have been reinforced by seven hundred Cubans. The men under Garcia are co-operating with the Americans.

Blockade Runner Captured.

Key West, June 15—Special—The English steamer Twickenham was brought into port this morning by a prize crew. She was caught trying to run the blockade with three thousand tons of coal for Cervera's fleet. A Spanish officer was found aboard. He is a prisoner of war.

Going to Porto Rico.

Washington, June 15—Special—Gen. Broolce, commanding at Chickamauga, has been ordered to select twelve of his best drilled and equipped volunteer regiments for service with the Porto Rican expedition.

Cavalry to Move.

Chickamauga Park, June 15—Special—Preparations are being made for the departure of all the cavalry regiments here. They will go to Tampa, thence to Porto Rico. The movement may be made on Monday.

News From Garcia.

Tampa, Fla., June 15—Special—Col. Hernandez, of the Cuban army, has arrived with a letter from Gen. Garcia in which he states he had nine thousand men, who have taken possession of points around Santiago.

Shafter Will Lead.

Washington, June 15—Special—It is reported that Gen. Shafter will land two thousand men at Camp McCalla to aid the marines in holding the place and to help capture Guantanamo.

A Useless Fleet.

Madrid, June 15—Special—The departure of the Cadiz fleet is probably indefinitely postponed, Camara having convinced the minister of marine of the inefficiency of the ships.

Russian Intervention.

London, June 15—Special—A Madrid special says stocks are becoming stronger on a rumor that Russia intends to intervene in the Philippine matter.

Another Fish Talk.
Tomorrow we receive our largest order of fish that comes during the week. It will include white fish, trout, black bass, pike and pickerel, direct from the lakes. We received today by express, packed in ice, fresh halibut from Seattle, Washington. It is seldom that fresh halibut gets as far east as this at this time of the year, so it will be quite a treat to lovers of fish. It sells at 10 cents per pound. Sanborn.

Gossip of a Personal and Business Character Gleaned By Gazette Reporters in the Garden Spot of Wisconsin—Religious and Social Notes.

THE GAZETTE AGENCY.
A new time table went into effect Sunday at this station. The passenger train going west that formerly left at 5:05 p. m. now arrives at 5 p. m. and leaves at 5:10 p. m. The train going east and the one going to Mineral Point meet it here, passengers and baggage being transferred here instead of at the "Y" and Milton Junction as formerly. The train from Janesville also meets the Milwaukee train here at 11:05 a. m. instead of at Milton Junction and goes back to Janesville at that hour. This gives the employees here much more baggage to handle, but expedites the movements of trains.

Children's Day was observed at the Seventh Day Baptist church, Saturday morning and at the M. E. church Sunday evening. The decorative effects at both churches were fine and the music and exercises appropriate and pleasing.

Footville.

Footville, Wis., June 14.—Judging by the amount of business done by the several Footville firms times are anything but bad. Messrs. Atcheson & Snyder, machine and implement dealers, are receiving consignments of farm implements every day. Their special seller at the present time is the Bemis tobacco transplanter, a large number having been taken from their repository the past week. Messrs. Strang & Owen have two cars of lumber on their sidetrack, a sample of what they are doing right along. The recent rise in the price of oats has prompted the local grain dealers, G. D. Silverthorn and S. J. Strang to ship large quantities that have been held over from former crops. They are buying as well as selling and our farmers do not need to go even as far as Janesville to find a market for their grain. The sessions of the teacher's institute here last week were more than ordinarily profitable. Professors Hutton, of Whitewater, and Buell, of Janesville, were the conductors. The attendance of teachers was not large, owing possibly to the fact that the meeting was held just at the time the schools were closing in the several districts. On Friday evening Professor Hutton delivered his timely and interesting lecture on "Money." An exceptionally sad bereavement occurred in the family of Mr. and Mrs. Matt Kennedy on last Friday when their second daughter, Alice, succumbed to an attack of scarlet fever. The family had been quar-

AMERICAN CAUSE FAVORED

Australians Hoping For the Success of Our Arms Against Spain

Dr. William Horne has received from Australia letters that indicate a very strong feeling for America in that colony. One of his correspondents writes him that:

"We wait anxiously for America's success. The next matter will be a federation between the English speaking colonies, and Canada and the United States should be included. The feeling in favor of the United States here is remarkably strong."

The Wellington Evening Post of Wellington, New Zealand, received by the Parker Pen Company contains touches here and there in the advertisements that suggest the state of feeling. One advertisement is as follows:

"PLANK it right down on our flag if you've any beans to spare; we'll win easy and good old Uncle Sam is worth putting your dollars on. Come round to our 'Make-while-you-wait' Candy shop and see the 'Golden Eagle' that represents him."

LIGHTNING AMERICAN SUGAR

ROLLERS.
17 A. Willis-street.

Another advertisement draws the interest of readers in this ingenious fashion:

The odds of the game are in favour of Jonathan. When the 'Murren' eagle flaps his wings and screams out "Hall Columbia," and backs up his top note with dynamite shells and petroleum bombs, then does the Spanish Governor of the Philippine Islands send telegrams to Spain of a glorious victory, when his fleet is mostly burnt, sunk or crippled.

Yest Yankee Doodle is the popular melody just now, and Manila rope and cheroots will become Yankee notions, and as well-known as SURATUKA TRA, which cannot be equalled for favour, strength, purity, or economy.

FLAG DAY WAS OBSERVED

Daughters of the American Revolution

Met with Mrs. O. F. Nowlan.

Flag day was duly observed by the Daughters of the American Revolution yesterday, the meeting being held at the home of Mrs. O. F. Nowlan, 53 Cornelia street. Plans were made to minister to the comfort of the soldier boys now in camp at Jacksonville, and Mrs. J. S. Fife and Mrs. Charles A. Wood were appointed a committee to ascertain what was needed. Later a special meeting of the chapter will be called. A program was also given. Mrs. E. E. Loomis read a history of the flag; Mrs. J. S. Fife played "The Star Spangled Banner"; Mrs. J. F. Wright read "Betsy and The Flag"; Mrs. A. P. Lovejoy read "How The Soldiers Salute The Flag," and a poem, "Our Flag"; Mrs. Minnie Menzies sang a solo; Mrs. O. F. Nowlan read a paper on "Yankee Doodle"; Mrs. Fife played the air; Miss Kate Fife told "The Way The Stamp Act Was Received by The English"; and Mrs. Ogden H. Fethers read "The Liberty Bell."

The residence was appropriately decorated, and refreshments were served.

Grand Central Station Attendants

"A practical demonstration of the wisdom of establishing a free messenger and guide service at the New York Central station in New York city was given a few days ago," remarked a gentleman who had just returned from the metropolis this morning. "I went to the big town on the 9:20 evening train, arriving at New York at 7:30 on time to a minute, as usual. In the car that I was in was a charming old lady who had a big satchel. When we got off the train I proposed to carry the old lady's baggage to the street from away up at the Forty-fourth street end of the depot. It's a long walk, you know, from that end to the Forty-second street exit, and the old lady was all alone. I was just about to take her satchel from the porter when a smart young man in a blue uniform, wearing a round red hat such as British soldiers wear, and having embroidered on the front in gold letters, 'Grand Central Station Attendant,' stepped up to her, touched his hat and politely asked where she wished to go. He took the satchel from the porter and carried it to the entrance, where, after protecting her from the herd of hackmen, he put her and her baggage on a cross town car and went back into the station. Of course it was only what he was hired to do, but he did it so nicely that I was greatly pleased, and the little old lady was pleased also. There was a troubled look on her face when she stepped off the train, but when she saw the uniform of the young fellow who spoke to her it all disappeared. She knew she was in good hands and need not worry more. That messenger service is a great institution. When a lady boards a New York Central train for New York alone now she knows that she will be protected from the time the train starts till she is safely in a carriage or car in New York city. What more could be asked of a railroad than that?"—Rochester Union and Advertiser.

Preserving Time.

The best part of the strawberry crop comes in the first picking which will be this week. Of course prices may be a little better later on and there will be a great plenty of berries but the quality will be no better if as good as will be found in the fruit gathered this week. ALL THE NEWS OF THE BADGER STATE

CONDITION OF THE BANKS IS SHOWN TO BE FAVORABLE.

New Regiment Will Be Raised Under the Second Call—Session of the Federation of Labor at La Crosse—New Grading of Postmasters—Boycott Proposed.

Madison, Wis., June 15.—State Bank Examiner Edward I. Kidd has made his sixth semi-annual report to Gov. Scofield on the condition of the state and private banks of Wisconsin. The report shows the condition of the banks up to the close of business May 5. The report shows a most encouraging condition of the banks, the total increase of deposits amounting to \$4,086,496.00, while the restored confidence of the banks in the stability of the business of the world is indicated in a slight decrease of the cash reserve. Ten new banks have come into being since the last report, the largest being the Edgerton Tobacco Exchange bank, with a capital of \$25,000. Of the increase, four are state banks, and six are private banks. Two state banks and two private banks have ceased business. The new state banks are: The Tobacco Exchange bank of Edgerton, with a capital of \$25,000; State Bank of Lodi, capital \$25,000; the Bank of Prairie du Sac with a capital of \$25,000, and the State Bank of Redbush, capital \$30,000. The new private banks are the Durand Deposit bank of Durand, capital \$5,000; the bank of Mellen, capital \$1,827.73; Bank of Oakfield, no capital; Bank of Sun Prairie, capital \$10,000; Superior bank of Superior, capital \$5,000; Farmers' and Merchants' bank of Waterloo, capital \$2,000.

STATE FEDERATION OF LABOR,

Little Business of Public Interest Transacted Thus Far.

La Crosse, Wis., June 15.—The state convention of the American Federation of Labor began yesterday with delegates present from Milwaukee, Janesville, Oshkosh, Green Bay, Sheboygan and Marshfield, about thirty all told. The first business was to elect the hall provided by the local committee because it was run in connection with a saloon, the proprietor of which sold non-union beer. Sessions are being held in the hall of the Frohman Singing society.

State Organizer Weber, who is the moving spirit, confirmed the report that action would be taken to assist the Oshkosh strikers both morally and financially, implying that goods produced in the factory would be declared "unfair."

In the evening a meeting was held in one of the parks where several addresses were made, the burden of them all being to "organize." Mr. Weber was severe on the La Crosse workmen for their indifference as shown in the small audience present. The meeting will continue two days more, one afternoon to be devoted to a ride for which citizens will furnish carriages. Some additional delegates are hoped for tomorrow.

TO BOYCOTT OSHKOSH PRODUCTS

Sash and Doors from the Factories to Be Placed Under Ban.

Oshkosh, Wis., June 15.—The striking woodworkers, it is said, propose to boycott the manufacturers. All Oshkosh-made sash and doors will be affected by it. This step is being taken on the advice of P. J. McGuire, president of the National Carpenters' union. Mr. Kidd is preparing the circular announcement now, and it will be sent to Mr. McGuire for his official stamp. At labor headquarters it is asserted that, when the step is taken, Oshkosh sash and door men will be unable to sell any goods wherever there is organized labor.

NEW REGIMENT FOR THE WAR

It Will Be Organized Under the Second Call and Move to the Front.

Madison, June 15.—Wisconsin will have another full regiment under the second call for troops, notwithstanding that a large number of the second call will be taken up in filling the first quota to the regulation stand-

ard. An order will be issued at once for a first lieutenant from each company now in the field from the state to return to Wisconsin and recruit the troops necessary to fill the first quota. The state will be given an order on the paymaster of the United States army in the Chattanooga department for the sum paid to the trooper by the state aggregating from \$35,000 to \$40,000. A requisition will be issued within a few days for the replacement of all equipment furnished by Wisconsin in sending its troops to the front, and this equipment will be forwarded to the state to be utilized in organizing another National guard to take the place of the soldiers from the state now in the field.

State News in Brief

Thomas B. Rold, of Appleton, who has been appointed United States marshal for the Eastern district of Wisconsin, says that he has not yet selected his deputy marshals. He expects to begin his new duties July 1.

Charles Buregard, the Indian charged with the murder of Joseph Blackburn, near Gordon, Wis., last fall, was acquitted.

To a committee consisting of Sen. To Stebbins, of Algona, N. J., J. C. Reynolds, of Lake Geneva, and Julius Bleyer, of Milwaukee, has been entrusted the responsibility of selecting the young woman who will christen the battleship Wisconsin.

The corner stone of Merrill hall, one of the two new buildings which are to house Milwaukee-Downer college next year, was laid at 3 o'clock this afternoon with informal exercises.

EPWORTH LEAGUE ELECTION.

Officers Chosen for the First Methodist Church Chapter Last Evening.

The semi-annual election of officers of the Epworth League of the First M. E. church was held last evening in the church parlors. A large number were in attendance and a very enthusiastic session was held. The various reports indicate progress along all lines of work.

The membership of the chapter is 80, five being admitted at this meeting, making a total of twelve accessions joining the last six months. Twenty-one devotional meetings have been held during the last six months, and an average attendance of 57. The treasurer's report from January 1, shows receipts of nearly ninety dollars, with a good balance on hand.

The following officers were elected for the ensuing six months:

President—B. A. Daw.

First Vice-President—E. E. Van Pool.

Second Vice-President—Miss Fanny Bennett.

Third Vice-President—H. E. Cary.

Fourth Vice-President—Miss M. J. Pantall.

Secretary—Maude Bear.

Treasurer—Elsie Cummings.

With the exception of the fourth vice-president the officers were all re-elected, a change being necessary in this instance owing to the absence from the city of Mrs. F. J. Barfoot.

This reelection is an evidence of the popularity and efficiency of these officers. A more thoughtful, faithful president than H. A. Dow the chapter never had, and his continuance in office was most desirable. As a secretary Miss Bear meets every requirement, and always has her work well in hand. The same may be said of all.

The pastor, Rev. J. B. Smith, is very popular with the young people of the church, and all feel that this new term of office will bring greater prosperity and blessing to the chapter and the church. After the business session refreshments were served and a social time thoroughly enjoyed by all.

Corporal E. F. Hall was present and enthusiastically greeted by his many friends.

This chapter ranks among the first in Janesville District in numbers and general league work.

entire for some time and she was the last of the children to be attacked by the disease; the same care and nursing that had brought the others through were bestowed on her, but in vain, and in the afternoon of the day mentioned she passed beyond the reach of suffering. She was only eleven years of age but by the sweetness of her disposition she had endeared herself to the members of the family and to her schoolmates by whom she will be greatly missed. The remains were conveyed to Janesville for interment early on Saturday morning. Rev. E. H. Enfield, of Chicago, preached in the Christian church on Sunday afternoon. The rain barred many from the privilege of hearing him but those fortunate enough to be present are outspoken in their good opinion of both preacher and sermon. Special children day services will be held at the Methodist church next Sunday morning at half past ten o'clock. H. Malpress, of Edgerton, was a visitor among Footville friends Friday. Among others he called on I. U. Fisher, who is out on the same hunt that the former is. Where will you find two more likely candidates for sheriff than East Troy, spent Sunday with the family of Superintendent William M. Ross. Levi Ross, late "Hamlet" of the Janesville High school, has made his debut on the stage of practical experience, and now greets his friends from behind the counters of S. J. Strang's general store. Ray Owen, who, it will be remembered, acted the part of "Laertes," devotes his energy to the use of the cancelling stamp in the postoffice. Mr. and Mrs. Fred Snyder spent Sunday in Brooklyn, Wis. Mrs. Alan Richards, of Ravenwood, was a guest of Mr. and Mrs. Charles Richards part of last week. J. S. Hart went to Marshall, Monday. Misses Susie and Ida Harper are visitors at Broadhead. JUDGE FOR YOURSELF.

Which Is Better, Try An Experiment Or Profit by A Janesville Citizen's Advice?

Something new is an experiment. Must be proven to be as represented. Be successful at home or you doubt it.

The statement of a manufacturer is not convincing proof of merit. But the endorsement of a friend is. Now, supposing you had a bad back. A lame neck or aching one. Would you experiment on it? You will hear of many so-called cures.

But they come from far away places. It is different when the endorsement comes from home. Easy to prove that it is so. Home endorsement is the proof that backs every box of Doan's Kidney Pills.

Read this case: Mr. Samuel Griffin, of 203 Locust St., journeyman carpenter, says: "I had a severe attack of la grippe some time ago, and as the result of this sickness a weakness of the kidneys set in. The secretions from those organs were greatly disordered, and annoying me much at night and I seemed to have limited control of them. After finishing the treatment my kidneys were so strengthened that I could sleep all night without being disturbed. I am better now than I have been for years, and give all credit to Doan's Kidney Pills for bringing about this result."

Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-McBarn Co., Buffalo, N. Y., sole agent for the United States. Remember the name, Doan's and take no substitute.

DANCERS CHEERED
BRAVE MUSICIANS

A SERIOUS CONFLAGRATION
AVERTED LAST EVENING.

During the Senior Class Party at the Armory Bunting Caught Fire—Prompt Work and Bravery On Part of the Musicians—Damage Was Trifling.

During the Senior High school party at the Armory last evening the bunting that decorated the rear of the orchestra stand caught fire from a nearby gas jet, and soon the flames were shooting towards the ceiling. Attorney E. F. Carpenter, who was seated in the balcony, gave the alarm, and yelled to the members of the orchestra who had just finished playing a two-step. In an instant William Ernst and George Hatch pulled the blazing streamer to the floor, and soon all traces of a fire had disappeared. The sixty couples showed no signs of panic, and lost no time in bestowing liberal applause on the members of the orchestra for their good work.

A Delightful Evening
In spite of the extra fire and smoke the party was one of the most pleasant social events that has taken place in the Armory this season. The night was cool, and a more ideal one for dancing could not have been wished for. The Armory was profusely decorated with the national colors, while potted plants and cut flowers added beauty to the scene. The decorating committee worked faithfully yesterday in arranging the hall, and no little credit is due Miss Georgia Whittington, Burr J. Scott and Fred Loeb for the good taste displayed in arranging the decorations. Smith's full orchestra furnished music that was all that could be asked for, the general opinion among the dancers being that it was the best that had been heard in the Armory in some time. The party was a decided success, and one that the class of '08 may well feel proud of.

DEATH CLAIMS A HARVEST

Herbert W. Matthews and Mrs. Katherine Commons Pass Away.

After a lingering illness with consumption Herbert W. Matthews died last evening shortly after 8 o'clock. Mr. Matthews was the eldest son of Mr. and Mrs. John Matthews, and was thirty years and three months old. For many years he was proprietor of a confectionery store on South Main street, but failing health forced him to dispose of it. He had a host of friends, who will greatly miss him. Mr. Math was unmarried, but leaves a father, mother, sister and brother to mourn his loss.

Mrs. Katherine Commons.

At her home at Indian Ford yesterday, Mrs. Katherine Commons, wife of Michael Commons, died after a brief illness at the age of twenty-seven years. Mrs. Commons was the daughter of Mr. and Mrs. David Higgins of the town of Janesville. Besides her husband and parents she leaves three sisters to mourn for her, Mary and Frances Higgins and Mrs. Edward Davis, all residents of the town of Janesville. The funeral will be held from St. Patrick's church Thursday morning at 10:30 o'clock. The interment will be in Mount Olivet cemetery.

The line covered by the \$2.48 price this week is better than most dealers ask as high as \$4.50 for. Amos Rehberg & Co.

As it is sometimes necessary to make a readjustment of lenses this will give the professor ample time to make all possible corrections. So far as we have been able to learn all who have called upon Prof. Talley have gone away more than pleased and fully convinced of his exceptional skill in the art of fitting glasses. However, if there should be any who feel that they might be benefited by a re-adjustment, the professor will consider it a favor for them to call again and allow him to make the correction.

JANESVILLE, Wis., June 13.—We wish to call the attention of our friends to the wonderful opportunity given them for having their eyes properly tested and fitted with glasses, and we urge them not to neglect calling upon Prof. Talley. He has fitted us with the best pair of glasses we ever had. Can use them any length of time with perfect comfort. E. HELLER, L. S. HILLBRANDT.

WEDDING OF ELIZABETH NORCROSS AND GEO. W. MASON

Brilliant Matrimonial Event at Christ Church This Afternoon—The De Cou-Cotton Nuptials at Evansville—Several Other Couples Made Happy for Life

Miss Elizabeth Norcross, only daughter of Captain and Mrs. Pliny Norcross, was united in the holy bonds of matrimony at 4:30 o'clock this afternoon to George W. Mason, of Chicago. The ceremony was performed at Christ Episcopal church, the Rev. A. H. Barrington officiating. The edifice was beautified by potted plants and cut flowers, and the scene was one of splendor.

A Beautiful Scene.

As the organ pealed forth the wedding march the bridal party entered. First came the ushers, who led the way to the altar. The four bridesmaids, Miss Harriet Mason, Chicago; Miss Sophie B. Kemper, Milwaukee; Miss Josephine Carle, and Miss Alice Eger, of this city, followed, each attired in a pink dotted muslin with tulle pink sash. Miss Mary Lyman, of La Grange, Ill., was charmingly attired in white organdie over pink, and as maid of honor followed the bridesmaids. Then came the bride attired in white organdie with ruching of the same, with liberty silk sash and tulle veil, and carrying a bunch of white sweet peas. She was leading on the arm of her father, who accompanied her to the altar, where they were met by the waiting groom, who was attended by Richard S. Folsom, of Chicago. The magic words were then spoken, and the bridal party slowly wound their way out of the edifice to a waiting carriage, when they were driven to the Forest Park home of the bride's parents, where a hearty reception awaited them. The church was filled with friends and relatives of the bride and groom and over a hundred guests participated in the reception that followed.

A Lawn Lunch.

On the lawn an elaborate repast was in order, being in charge of Caterer George Shurtliff. The presents were many, costly and beautiful.

The ushers were all personal friends of the groom, as follows:

Messrs—William H. Briggs, William F. Giles, John Black, F. F. Norcross, William Phelps, C. L. McLean, Dwight Lawrence, M. F. Noyes.

A Love to Janesville.

By the marriage of Miss Norcross and her removal to Chicago, Janesville loses one of her fairest and most highly respected daughters, having grown to womanhood in this city. She is possessed of all that could be asked in the perfect woman; and will be missed from the circles in which her influence has been felt, and from a host of friends good wishes will follow her into her new home.

George W. Mason, the groom, is not an entire stranger in this city, and his visits here of late have won for him many friends. He is a practicing lawyer in Chicago and is a man of fine business and social qualities, full of good fellowship and popular with all who know him. The best wishes of a large number of friends follow the worthy couple.

After a wedding trip to Buffalo Mr. and Mrs. Mason will be the guests of relatives on a farm within wheeling distance of Niagara Falls. On their return to Chicago they will be 'at home' after July 15, at 1737 Oakdale avenue.

Silvering, Gell.

At St. Mary's church at 8 o'clock this morning Rev. R. J. Roche pronounced the words that united as man and wife Miss Ella Gell, of this city, to Andrew Silvering, of Minneapolis, Minn., Bens Maine acting as bridesmaid, while George Robinson faultlessly carried out the part of best man. Following the ceremony the happy couple were driven to the South Franklin street home of the bride's parents, where a tempting repast awaited them, only relatives and a few invited friends being present.

The bride is the daughter of Mr. and Mrs. Albert Gell, and is a young lady who has made her home in Janesville for a number of years, during which time she has made friends without number who will regret much her departure from the city. The groom holds a responsible position in Minneapolis, in the office of the Chicago, St. Paul, Minneapolis & Omaha railroad. They will leave on the midnight train for Minneapolis, their future home, and the best wishes of a host of Janesville friends will follow them.

Slawson-Browne.

Miss Erna Rue Browne, of Elgin, Ill., and Frank De Merritt Slawson, of this city, were married yesterday at the home of Mr. and Mrs. L. C. Pondergast, 88 South Porter street, Elgin, a sister of the bride acting as bridesmaid, while Fred Whitmore, of this city, was best man. The bride is a young lady held in the highest esteem, and the groom is a shipping clerk for the Janesville Machine Company. Their many friends will extend congratulations. Mr. and Mrs. Slawson will be at home after July 1 at 953 South High street.

De Cou-Cotton.

At Evansville tomorrow will be solemnized the marriage of Miss Grace Cotton, daughter of Mr. and Mrs. E. P. Cotton, 1 E. E. De Cou, of Russellville, Ky. The bride-to-be is one of Evansville's most popular young ladies, and

is possessed of many friends in this city. The prospective groom is a business man in the Blue Grass state, where he is held in the highest esteem. Their host of Janesville friends will extend hearty congratulations.

John L. Fletcher, son of Mr. and Mrs. L. L. Fletcher, of 31 Milwaukee avenue, John T. Atkinson, ex-assistant secretary of the local Y. M. C. A., who enlisted here as volunteers in Co. A, and who are now at Jacksonville, Fla., have joined the regular army hospital corps for three years. Four Janesville boys are now members of the corps as follows:

Edward B. Halverson, William Wray, John L. Fletcher and John T. Atkinson.

Twenty-two Wisconsin boys were detached from the regiment yesterday and were enlisted in the regular army for three years as members of the hospital corps.

Coming to Recruit.

As the result of an order received last evening at Jacksonville, Lieutenant Henry F. Baldwin, of Co. A, will soon reach Janesville on recruiting business. The order was received from the War department by General Lee directing him to supplement to the recruiting boards of the Wisconsin regiments, a commissioned officer in the various towns from which the companies came and where the Wisconsin boards are now at work. The order came in haste and Adj. Mitchell, who forwarded it to Col. Schadel, requested that it be complied with at once.

Get All the Men Needed.

Corporal Hall, who is here recruiting, was taking things easy today, for every thing was coming his way. Last evening he closed his books with twenty-two names upon them, and as early as 9 o'clock this morning a dozen men were at the Armory, each anxious to add their names. There would be no trouble in getting enough men here now to fill out a full company. Corporal Hall is now anxiously awaiting the arrival of Lieutenant Baldwin from Jacksonville.

TROOPS HAVE LEFT TAMPA.

Great Fleet of Transports Bound for Cuba.

SANTIAGO THE DESTINATION.

Long Delayed Move Which Will Place the Island Under American Rule Has Commenced—Eighteen Thousand Men on the Ships.

Port Tampa, Fla., June 15.—The sailing for Santiago of the army of invasion which has been so long promised is now an accomplished fact. The last of the transports left the pier at Port Tampa Tuesday night.

The embarkation of the troops had been in progress for a number of days and a half dozen sailing dates had been set, but it was not until noon Tuesday that the first ship of the fleet moved down the bay to the gulf. All morning they had been loading, and took a position in the bay opposite the flagship Segurancía. In the midst of the fleet of thirty transports were scattered the war vessels which composed the convoy down the bay to the meeting place, where they were joined by the battleships which formed the main convoy to their landing place.

The gunboats which sailed with the transport fleet from the dock were the Helena, Castine, Bancroft, Annapolis, and Hornet. These are to be joined between Tampa bay and Rebecca shoals by the Oregon, Iowa, Terror, and Indiana. When the junction of the two fleets is made the transports will form into two divisions of three columns, with the Miami leading the right, transports according to their number completing the line to the rear. This arrangement places the flagship about the center of the fleet and in this order they will proceed to their destination. In front of the center column in single file will be the Iowa and Indiana, while bringing up the rear between the first and third columns will be the Oregon and Terror, and the several gunboats which form part of the escort will be used as scouts. This formation had been decided on for some time prior to the sailing, but was not given out until a few hours before the actual departure.

The strength of the force carried by the transport has been variously estimated at from 12,000 to 25,000 men, but it is positive that the number does not exceed 15,000. In this number there are about 12,000 infantry, 500 artillery, including two siege batteries, 1,600 unmounted and 400 mounted cavalry and two companies of engineers. All of the troops of the expedition are United States regulars except Roosevelt's rough riders and the Seventy-first New York and Second Massachusetts volunteers. The division composed of volunteers, under command of Gen. Snyder, which was scheduled to be part of the army of invasion, was left behind at the last moment. Every preparation for departure had been made and the horses of the officers were aboard the transports when the revoking order was issued. The reason for being left behind is not known, but it is believed to have been prompted by the fact that the transports available were insufficient to accommodate any more than went. As it is, the transports are crowded to their utmost capacity.

That Santiago is the destination of the fleet there is scarcely a doubt.

WILL INVADE PORTO RICO.

Fourth Army Corps, Under Gen. Coppinger, Will Occupy the Island.

Washington, June 15.—The Fourth army corps, Maj.-Gen. John J. Coppinger commanding, has been definitely designated to undertake the occupation of Porto Rico. It will be rapidly increased to a force of 20,000 men, including all available regulars now in the south, with the addition of the best volunteer regiments at Tampa, Chickamauga and Falls Church, Va.

These selections will be made in the next day or two, with chief regard to the military qualities of the volunteers and the comparative completeness of their equipment.

It is the intention to have the American flag hoisted on some portion of the island of Porto Rico by the Fourth of July. Advantage will be taken of the experience gained and the difficulties overcome in dispatching Gen. Shafter's corps, and supreme confidence is expressed by army officials that there will be no recurrence of the exasperating confusion which delayed the departure of the transport fleet, which finally got safely on the way to Santiago de Cuba this morning.

Troops Ready for Manila.

Washington, June 15.—By Thursday at the latest the second expedition for Manila will have embarked at San Francisco, say the army officers. Gen. Gills will command and Gen. Merritt will remain behind to go with the last expedition. Efforts are being made to recruit the regiments of regulars and volunteers up to the maximum standard before their departure. It is now thought that the entire expeditionary force will aggregate 20,000 men of all arms of the service. As in the case with the Cuban expedition, the artillery will form an important part of the force to be sent. In addition to siege guns, a number of heavy guns for coast defense,

Astor Battery En Route.

Pittsburg, June 15.—The Astor battery of New York, consisting of ninety-eight men and three officers, reached Pittsburg over the Pennsylvania railroad at 8:55 o'clock today, and left an hour later for the west. The train was made up of three Pullmans and two baggage cars.

WILL STORM HAVANA.

Gen. Miles Proposes to Lead the Army in Person.

Washington, June 15.—Maj.-Gen. Miles, commander of the army, will return to Washington from his southern trip tomorrow night.

He will remain in the department for about ten days, when he will go to Jacksonville, Fla., to arrange for the departure of the Porto Rican army of invasion.

Gen. Coppinger, who will be in command of this army, is now at work arranging for the troops and the transports. It is the present intention to take not less than 15,000 troops on this expedition, and to this number starting from Florida it is intended to add several thousand of the regulars now on the way to Santiago.

It is said to be Gen. Miles' intention to await in this country the time for sending an army to storm Havana. This army he intends to lead in person, with Gen. Fitzhugh Lee as his second in command. To the latter is left the detailed work of getting in shape the army that is to take Havana.

At least 30,000 or 40,000 men will be needed. Gen. Lee will get this force together as soon as possible.

Spain Has But Two Good Ships.

New York, June 15.—The Journal's Rome cablegram says a detailed report to the pope on the condition of the Spanish navy has been sent by his ambassador at Madrid. He finds Spain has only two ships worth anything. Cervera has one, the Cristobal Colon, blockaded in Santiago harbor. The other is the battleship Pelayo, at Cadiz. "Poor armament and defective machinery" is the verdict to the viceroy from the Vizcaya, Oquendo and Theresa. A Paris cable says French shipbuilders and even the ministry of marine are dismayed at the loss of prestige likely to result to them through the lamentable showing of the Spanish navy, which was built largely in France. They declare that it is none of the fault of the builders; that the Spaniards are unsuccessful with ships,

Terror Is at San Juan.

New York, June 15.—The British steamer Tyrrian, which sailed from San Juan June 6, arrived today. Capt. Angrove reports that the Spanish torpedo-boat destroyer Terror was in port when he sailed, with steam up and stored with coal, water and provisions. On its arrival at San Juan the Terror's boilers were leaking and repairs were made and some tubes were fitted in. There were also in the port the Alfonso XIII. and four old-style gunboats.

Regiment Ordered South.

Cheyenne, Wyo., June 15.—Orders have been received by Col. J. L. Torrey for the Second volunteer cavalry to move from Fort D. A. Russell, with their horses, to Jacksonville, Fla. The regiment is thoroughly uniformed, armed and equipped, and considering the short time it has been organized it has reached a high state of perfection in drill evolutions.

perform their work with a minimum of fire. The hot fiery kitchen of the coal stove is not desirable at any time of the year, but in the summer its abominable. COUNT ON AID FROM GERMANY

Spaniards Are Still Sanguine of Success.

THE PRESS IS OPTIMISTIC.

Has the Idea That Emperor William Can Be Induced by Generous Concessions to Assist in Saving the Philippines—No Peace Negotiations.

Madrid, June 15.—The Spanish press has increased its optimism, based on the belief that Germany intends to prevent a bombardment of Manila by making a naval demonstration. The newspapers urge sacrifices with the view of securing Germany's assistance, and political leaders express themselves in favor of offering Germany the following concessions in return for her "taking the initiative in checking America."

Firstly, naval stations and coaling depots in Spanish Oceania.

Secondly, Spanish concurrence in the development of Germany's commercial and political relations with Morocco.

The minister for foreign affairs, Duke Almodovar de Rio, told the newspaper men that the Spanish government had not taken any step in the direction of peace negotiations. The minister also said he had not received any confirmation of the reported third attack on Santiago de Cuba.

The minister for war, Gen. Corren, declared that the situation at Manila was better than was supposed. He said Capt.-Gen. Augusti had concentrated 20,000 men for the defense of the city, and his batteries of artillery are asserted to comprise 100 long-range guns.

Carranza Invited to Leave.

It is officially announced that Senor du Bosc, the former Spanish charge d'affaires at Washington, and Lieut. Carranza, the former Spanish naval attaché at Washington, had been "invited" to leave Canada owing to the "Canadian authorities having intercepted a letter which Lieut. Carranza addressed to the minister of marine, giving an account of the condition of the American fortifications."

Thinks Germany May Risk War.

London, June 15.—The Berlin correspondent of the Daily News says: "It seems almost impossible that Germany can have the idea of risking war with the United States by interference at Manila. Nevertheless it is equally impossible to ignore the significance of the fact that ideas of repeating the successful Kiao-Chow experiment are evidently floating through the brains of naval personages whose influence is so great that the matter deserves attention."

STATE LEAGUE MEETS.

Illinois Republicans Hold Their Annual Convention.

Springfield, Ill., June 15.—The annual convention of the Republican League of Illinois was held Tuesday night in Representative hall at the state house, and was largely attended by delegates from each congressional district.

Before the convention was called to order the delegates from each congressional district held caucuses and selected four delegates to the national league convention, to be held in Omaha, Neb., July 13, 14 and 15; also four alternates, a vice president from each district, and one man from each county in the district as a member of the state executive committee. The league is entitled to ninety-six delegates to the national convention at Omaha, besides the president and secretary. This gives each congressional district four delegates.

The platform declares unwavering allegiance to the principles of the republican party as announced in the platform of its national convention.

Rebels Make Gains.

London, June 15.—The Shanghai correspondent of the Daily Telegraph, forwarding advice he has received from Manila up to June 8, says: "On June 5 the insurgents forced the passage of the Zapote river and captured Las Pinas and Paranaqui. Since then, up to the time my advice left Manila, the fighting had been continuous, and the Spaniards were being gradually driven in. The fall of the city seems imminent before the arrival of the American forces. Manila is absolutely incapable of resisting bombardment."

Earthquake Shocks Are Felt.

St. Louis, Mo., June 15.—Earthquake shocks were felt Tuesday at 9:30 a. m. and 2:30 p. m. along the east bank of the Mississippi and in towns still farther east. In Memphis, Tenn., Alto Pass, Ill., Jonesboro, Ill., Dongola, Ill., and Cobden, Ill., some buildings were shaken and crockery and glassware broken. In some of the smaller places furniture was shifted and flues fell, giving report to stories of buildings having collapsed.

Fauncetote to Be Retained.

Washington, June 15.—Sir Julian Pauncetote, the British ambassador, has been advised by the British foreign office that he will be retained at this capital for another year. Representations were made recently by the administration, through Ambassador Hay in London, that the recall of Sir Julian at this time would be unwise.

To Probe Hook Concern Case.

Washington, June 15.—At Tuesday's session of the senate the resolution of Mr. Lodge (Mass.) directing that an inquiry be made into the disposition made of the methodist book concern claim, which was paid recently by congress, was adopted without division.
